Blue and Discouraged

Mrs. Hamilton Tells How She Finally Found Health in Lydia E. Pinkham's Vegetable Compound.

Warren, Ind.—"I was bothered terribly with female weakness. I had pains and was not regular, my head ached all the time, I had bearing down pains and my back hurt me the biggest part of the time. I was dizzy and had weak feelings when I would stoop over, it hurt me to walk any distance and I felt blue and discouraged."

"I began taking Lydia E. Pinkham's Vegetable Compound and am now in good health. If it had not been for that medicine I would have been in my grave a long time ago."—Mrs. AETIE H. HAMILTON, R.F.D. No. 6, Warren, Ind.

BOOST PAMPHLET TO APPEAR SOON

FIRST OF THREE EDITIONS WILL BE PUBLISHED AND DISTRIBUTED IN SEPTEMBER.

BUSINESS ORGANIZATIONS AID

Commercial Clubs of State Join With Labor Bureau in Getting Information for Quarter Million Books Showing Resources.

Jefferson City.—The commercial, industrial and farmers' alliances and labor organizations of the state have taken hold of the movement to "boost" Missouri with such vim and enthusiasm that success is already assured for it.

The resources, advantages and opportunities the state offers capitalists, manufacturers and desirable settlers are being exploited, as never was the case before, from every city and town of Missouri.

Commissioner John T. Fitzpatrick announced that the Missouri booster pamphlet the bureau of labor statistics is working on and will scatter far and wide to advertise the state will be made up of three editions, the first of which, 25,000, is to appear and be distributed in September. The forms are to be left standing, the publication which will have 300 pages, brought up to date, revisions of other kinds made, and the second edition, also 25,000 copies, issued next July. The third edition will be for the use of the Missouri Panama Pacific Exposition commission in 1915, and also for distribution everywhere.

The contents of the "booster" pamphlet will undergo another revision and many additions made. A small map of Missouri will be replaced by a larger one, measuring 24x30 inches, in colors. The forty-eighth general assembly will be asked to appropriate enough to pay for 250,000 copies, all in red cloth binding, and for sending out 100,000 of this edition by mail, to men and women, interested in Missouri, who cannot attend the San Francisco exposition.

Alligator in Swimmin' Hole.
Kington.—The old swimming holes around town are deserted these hot afternoons. "Midge," the alligator, has reappeared. "Midge" was brought from the south twelve years ago by Samuel Bridgewater, general merchant. Five years ago "Midge" disappeared from the aquarium built in the rear of Bridgewater's store, and everyone supposed he had started south to his old home. But the last week while a number of boys were bathing in their favorite haunts, one of them saw a "shiny log" near a bank of the creek. As the crowd watched the "log" slid into the water. It was "Midge," and the alligator raised his head and snapped his jaws. The alligator has been seen several times since.

Normal Enrolls 1422 Teachers.
Warrensburg.—Fourteen hundred and twenty-two teachers are taking the summer course of study at the Warrensburg normal this season. Of this number 1,124, or slightly over 80 per cent, are women.

Merchants Boost Goods Roads.
Unionville.—Mayor McKinley has issued a proclamation calling on the citizens of Unionville to observe August 20 and 21 as "good roads days." In accordance with Gov. Major's proclamation, and it is believed virtually every man and boy in the city will perform the two days' labor.

Ask Major to Wield Shovel.
Jefferson City.—It is now up to Gov. Major to wield the pick or shovel upon the public roads on one of the two days to be designated by him in a proclamation to be issued during this week. A moving picture concern has notified the governor that its representatives would be here to get some views of him constructing road.

Public Hearings Suspended.
Jefferson City.—The hearings set for the first Tuesday in August will end the work of the public service commission for the month, except in the event of an emergency. Members of the commission will spend the month in preparing opinions in cases that have accumulated.

Bail of \$50,000 Allowed.
Jefferson City.—William E. Steele, who is in jail at Ozark, Christian county, charged with murdering his father, was ordered released on \$50,000 bail by the supreme court, as the result of habeas corpus proceedings instituted by his friends.

Church Convention August 11-13.
Fulton.—The annual convention of Christian churches of Callaway county will be held at Millersburg, August 11-13. Among the speakers will be Rev. A. W. Taylor and Rev. J. P. Rowlinson of Vandalia.

Missouri May Get Convention.
Hannibal.—C. O. Raine of Canton, Mo., master of the Missouri State Grange and secretary of the national executive board, if possible will bring the National Grange convention of 1914 to Missouri.

To Remove Ink Stains.
When you desire to remove an ink stain from colored gingham or linen, dip the spot in hot tallow. Allow this to cool before washing. The ink will come out with the grease when the dress is laundered, and it will not injure the fabric.

Accounted For.
"Yes," said a grocer to a housewife. "I'll admit that there is considerable water in the putter I sold you, but it just came through the western foods last."

Millions Due Missourians.

Jefferson City.—When the decree of the United States supreme court is formally received in the state cases, John M. Atkinson, chairman of the state public service commission, says the commission will issue a statement advising the people how to proceed to recover excess passenger fares and freight rates paid out during the pendency of the McPherson injunction. He is of the opinion that there will be little trouble for shippers who kept their invoices and freight bills to recover the excess paid on freight, nor for passengers who made a notation of the date and use of tickets or mileage for which they were charged to exceed 2 cents a mile. Attorney General Barker and his assistant, William M. Fitch, are considering the question of instituting a suit on behalf of the people and the state to recover excess passenger fare and freight rates collected during the past four years. This petition would be filed in the supreme court, alleging that the railroads had collected passenger fares approximating \$17,000,000 from the people of Missouri in excess of the lawful rate, and asking for the appointment of a master in chancery and special accountants to ascertain the exact amount. The money, if recovered, would be held in trust for the people and would be returned to those who made proper proof. All money unclaimed would be turned over to the state treasury. There is some question as to whether the attorney general or the state public service commission should institute the suit.

Opium Smuggled Into Pen.
Jefferson City.—The route by which dozens of cans of opium have been smuggled into the state penitentiary in the last six months was found by accident. Part of the "dope" came from Kansas City and the rest was sent from St. Louis. The opium, cooked and ready for use, was shipped in pound packages to a former guard. This man secreted it, a pound at a time, near the engine house, where a "trusty" picked it up and smuggled it inside the prison. There it was taken by another convict, who sold it to the other convicts. The seller collected for the opium, turned the money, less his percentage, over to the "trusty," who, in turn, gave it to the former guard. The old guard has refused to tell who shipped the opium. Express companies' books show the stuff came from Kansas City and St. Louis.

Asks Carriers' Aid on Roads.
Jefferson City.—Twenty-three hundred rural mail carriers may supervise the repair of roads along their respective routes in Missouri, August 20 and 21. These are the days set apart by Gov. Major as good roads days. The governor received a letter from D. B. Ormiston of Linneus, secretary of the State Postmasters' association, asking him to write to the fourth assistant postmaster general of the United States requesting that official to give the rural carriers permission to suspend work two days so that they may assist in the improvement of the roads comprising their routes. The governor wrote the letter and a similar request went forward from the postmaster.

Bars Spectators at Trial.
Montgomery.—Mayor J. R. Apple, who also is justice of the peace, ruled that a secret session of court is better than a public hearing in which salacious testimony is to be expected. Ed Woods, son of a prominent farmer near here, was arrested in Wyoming and brought back here for trial on charges involving a young girl. When the case was called the court made a ruling excluding everybody, even reporters.

Militia Officers Commissioned.
Jefferson City.—Gov. Major commissioned the following officers of the national guard: Oliver G. Jones of West Plains, captain, Company A, sixth regiment; Harry J. Dwyer, West Plains, second lieutenant, Company A, sixth regiment; Edgar G. Hammons, Poplar Bluff, first lieutenant, Company D, sixth regiment; Ray E. Gardner, Poplar Bluff, second lieutenant, Company D, sixth regiment; Lester Hawkins of Pierce City, first lieutenant, Company E, second regiment.

Trails Association Meets Aug. 20.
Fulton.—The annual meeting of the Missouri Old Trails Road association, which was to have been held at Booneville August 20 and 21, has been postponed to August 26 and 27, in order not to interfere with the proclamation of Gov. Major, setting August 20 and 21 as two days for general road work in Missouri.

Kills Comrade Over Wife.
Webb City.—Joseph Kratz shot and killed Harvey Banks, 32 years old. Banks is said to have approached Kratz with a knife after the two quarreled over the latter's wife.

Editor Dies on Train.
Boonville.—H. H. Mitchell, editor and publisher of the Central Missouri Republican at Boonville, died aboard an M. & T. train near New Franklin of heart failure. He was on his way to Springfield, his old home.

Beautiful Leicester.
Leicester, the latest town to offer the sport of a by-election, has learned how to make herself beautiful from unpromising materials. She has no suitable building stone handy, and, therefore, out of red bricks, put together by cunning architects, she has constructed a city unlike any other in England. A local art school has fostered the spirit of beauty, and thus Leicester has triumphed over her limitations. She has been described as a rosy-red town set in a mass of greenery. Even the lamp posts have been designed by a sculptor, who is not ashamed to let them bear his name—London Chronicle.

For "Mr. Fragile."
A man with an express package under his arm, stepped up to the box office window of a New York theater and, addressing Frank Loomis, asked: "Anybody here named Fragile?"
"No," replied Loomis.
"Well, that's the name on this package."
Loomis took a look. The box was addressed to the manager of the London pictures. Over the address was inscribed: "Fragile!"

The Right Soap for Baby's Skin
In the care of baby's skin and hair, Cuticura Soap is the mother's favorite. Not only is it unrivaled in purity and refreshing fragrance, but its gentle emollient properties are usually sufficient to allay minor irritations, remove redness, roughness and chafing, soothe sensitive conditions, and promote skin, and hair health generally. Assisted by Cuticura Ointment, it is most valuable in the treatment of eczemas, rashes and itching, burning infantile eruptions. Cuticura Soap wears to a wafer, often outlasting several cakes of ordinary soap and making its use most economical.

NOT YET THE SINLESS WORLD

Spanish Penology Expert Illustrates Point With an Appropriate "Watermelon" Story.

Senor Fernando Cadaleo, Spain's inspector general of prisons, said recently in New York that he thought the time had not yet come for the abolition of capital punishment.

"The world is not yet civilized enough for this advance," he continued. "The world, you know, is still a good deal in the state of the colored people in the watermelon story."

"I heard this story from one of your clever southern editors. He said that a man was a good deal troubled by thieves in his watermelon patch and so he called up his old gardener and began:

"Uncle Eli, I'm trying an experiment with Doc Sawyer in the south watermelon patch. The melons there are a poison variety, and if any of your colored friends touch them they'll be killed, sure. You'd better warn them, hadn't you?"

"Sartenly I had, sah," said Uncle Eli. "I'll warn 'em, sah. Trust me."

"And do you think your warning'll have any effect? Do you think it will protect the south patch from theft?"

"What I thinks, sah," said Uncle Eli, scratching his head, "is dat there'll be a lot of daddo niggers round dat patch, dat's what I thinks, sah."

Three Cheers for "Em."
"I like this pattern well enough," said the customer who had dropped in to look at some ribbons, "but I'm afraid the colors will run."

"Run, ma'am!" indignantly answered the salesman. "Red, white and blue? They never run!"

Whereupon the woman with the tiny American flag pinned to the lapel of her jacket rose patriotically to the occasion and bought 45 yards.

TRUE SPIRIT OF THE HOME
Serenity and Wisdom of Wife and Mother Dew and Sunshine to Growing Souls.

Wherever the great and beautiful work of art, a home, had come into being, the wife and mother has had her paramount existence in that home though her interests and activities have not necessarily been limited to its sphere, declares Ellen Key in the Atlantic. But husband and children have been able to count on her in the home as they could count on the fire on the hearth, the cool shade under the tree, the water in the well, the bread in the sacrament. Thus upon husband and children is bestowed the experience which a great poet gained from his mother. "All became to her a wealth!" A wealth where every day's toil and holiday's joy, hours of labor and moments of rest, were leaved and blossomed in ribbon. The wise educator is never one who is "educating" from morning to night. She is one who, unconsciously to the children, brings to them the chief sustenance and creates the supreme conditions for their growth. Primarily she is the one who, through the serenity and wisdom of her own nature, is dew and sunshine to growing souls. She is one who understands how to demand in just measure, and to give at the right moment. She is one whose desire is law, whose smile is regard, whose disapproval is punishment, whose caress is benediction.

Juvenile Tact.
Small Thomas heard his mother telling his older brother that it was a tactful thing to appear to think people younger than they were.

His sister's French teacher arriving shortly after, it fell to Thomas to entertain her until his sister appeared.

Thomas decided to do it up brown.

"How old are you, Miss Grey?" he asked politely.

"I'm dreadfully old, Thomas," she answered. "I'm twenty-three."

"Oh!" said Thomas, gulping a little with the unusual effort. "I—I never thought you was more'n a seven."

Rathenow.—where King George broke his journey to Berlin in order to inspect the squadron of Zieten Hussars commanded by the royal bridegroom, Prince Ernest of Cumberland—is a sleepy little market town in the mark of Brandenburg, about forty miles from the capital and only a few from Schonhausen, the ancestral seat and birthplace of Bismarck. It was at Rathenow where Otto von Bismarck, a bearded young Junker, presented himself for election to Prussia's first approach to a parliament. The electors showed their presence by stoning the man who was destined to create the new German empire.

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and a FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disagreeable, and sold under the names of "Drops," "Cordials," "Soothing Syrup," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Dr. J. C. Williams.
